Motherhood ought always to bring happiness. But it is often the beginning of life-long unhappiness. As a preparation for motherhood, and as a preventive of the ills so often following maternity Dr. Pierce's Favorite Prescription has been hailed as a "God-send to women." It heals diseases peculiar to women, tones up the system, makes motherhood practically painless, and establishes the sound health which insures healthy children.

tablishes the sound health which insures healthy children.

"During the past year I found myself pregnant and in rapidly failing health," writes Mrs. W. J. Ridder, of Hill Dale Farm, (Rnosburg Center, Enosburg, Vt. "I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. I took twelve bottles of Dr. Pierce's Pavorite Prescription, and also followed your instructions. I began to improve immediately, my health became excellent, and I could do all my own work (we live on a good sized farm). I walked and rode all I could, and enjoyed it. I had a short easy confinement and have a healthy baby boy."
